

Polished and buffed a mirror shine, the JT Gloss Coffee Table has been designed to be invisibly jointed while the specialist high-gloss polyester lacquer finish imparts a touch of understated luxury.

The JT Gloss Coffee Table is available in three standard sizes but as a bespoke furniture piece, we can also vary the overall dimensions to suit individual requirements. You may choose from any recognised RAL colour however, if you are looking to match to a specific paint colour (such as Farrow & Ball or Little Green Paint Co.), then do get in touch with our team and we will be happy to advise.

Polyester lacquer produces a seamless high gloss surface and pristine finish. Compared with other types of applied lacquer, polyester is by far the most robust and it requires a highly labour-intensive process to achieve the ultra-smooth gloss finish.

#### Suggested Standard Dimensions\*:

Square	750 (w) x 750 (d) x 500 (h)
Medium	1200 (w) x 600 (d) x 400 (h)
Large	1500 (w) x 750 (d) x 500 (h)

\*As a made-to-measure furniture piece, the overall dimensions can be customised to accommodate specific requirements

Cost excludes delivery & installation

### Selected Richlite Colours

Richlite is an incredibly durable material made from paper. Developed over 70 years ago for industrial tooling, the innovative surface material's mottled appearance, honed look, leathery feel and warmth complement a range of interior applications.

### Selected Corian Colours

Corian® is a solid, non-porous material made up of one third acrylic resin and two thirds natural minerals. Corian® is a remarkably durable material that is easy to live with, standing up well to daily use, especially in a kitchen environment with heavy traffic areas.

### Selected Fenix NTM Colours

FENIX is a nano-technological material which has revolutionized the world of interior design. It is not only beautiful to look at, but it's anti-fingerprint, soft to the touch, opaque and extremely durable, so much so that it can withstand knocks and scratches.

### Selected Natural Marbles

The different arrays of colours which are found in marble are created by the various mineral impurities found within it which include clay, silt and sand. Its specific colours and textural variations make for highly decorative and exceptionally beautiful pieces of furniture.

### Selected Fabricated Stones

Fabricated stones such as Silestone & Terrazzo are incredibly hard and resilient making them excellent surfaces for kitchen worktops & dining table tops. Silestone has exclusive properties that contribute to safety, confidence and hygiene to a space where people spend more time.

### Selected Wood Veneers & Timbers

We use specially sourced wood veneers and solid timbers to create exceptionally detailed bespoke pieces that marry fine craftsmanship and traditional joinery techniques.

### Selected Metal Finishes

We use a range of metal finishes on a bespoke furniture range, each have different properties and will behave slightly differently over time. Whether your piece requires a solid metal tabletop, or perhaps its clad in sheet metal, enquire with us about the properties of each option.

*Please note that the colours & finishes shown on this page are just suggested and some of our favourites. Other colours are available on each suppliers website. Please enquire with us for more information.*

### Delivery Options:

Any required delivery and installation costs, either domestic or international, will be quoted at the time of invoice. Please advise final postcodes and any access considerations at the point of ordering. We offer the following options for the shipping of your finished goods:

Kerbside Delivery | Your crated and carefully packaged goods will be shipped directly to the required destination for kerbside delivery only. It will be your responsibility to take receipt of the goods to unpackage and install as well as dispose of the crate and packaging materials afterwards.

White-Glove Delivery & Installation | A complete white-glove installation service by our trusted external shipping partner. Your crated goods will be shipped to the required destination, unpacked and positioned by the team with all crating and packaging materials taken away afterwards. The team will also ensure that floors and walls are fully protected during the installation process.

JT Delivery & Installation | A complete white-glove service undertaken by our in-house fitting team. Your crated goods will be shipped to the required destination, unpacked and installed by our team with all crating and packaging materials taken away afterwards. We offer this service to clients requiring delivery to a London address. Other UK destinations will be considered at our discretion.

### UK | Warranty:

We always do our utmost to ensure that finished goods arrive at their destination in perfect condition. In the unlikely event that your furniture item is found to be defective, we provide a manufacturer's warranty for a period of 12 months from date of the finished goods being shipped from our workshop. We shall repair the affected part or parts either on site or on being returned to our workshops, at our discretion.

### International | Return to Base Warranty:

For clients not based in the United Kingdom, we provide a manufacturer's return-to-base repair warranty for a period of 12 months from date of the finished goods being shipped from our workshop. Under our international return-to-base repair warranty, all carriage and freight costs (for both return to base and subsequent collection and re-shipping) shall be borne by the client.

Our manufacturer's warranty does not apply to any defects in the goods arising from heavy handling, misuse, abnormal storage or working conditions, accident, negligence, climactic differences or, which is the result of any alteration or repair. Any alterations or repairs undertaken to the goods will also invalidate the manufacturer's warranty.
